COVERAGE THAT GETS YOU OFF TO A GREAT START

YOU'RE READY FOR ANYTHING

Your truck is a major investment — 60-Day Buyer's Assurance covers its major components. Better yet, it's automatically included, at no extra charge, with every qualifying truck you purchase. Buyer's Assurance gives you added confidence for those first weeks your truck is on the road, protecting you from unforeseen, costly failures. Coverage begins the day you take delivery of your vehicle.

DPF AND EGR COVERED

A properly functioning emissions system is essential for maximizing fuel efficiency and staying compliant with today's emissions standards. With Buyer's Assurance, your diesel particulate filter (DPF) and exhaust gas recirculation (EGR) cooler and valve are covered. In fact, Buyer's Assurance covers many other key components that other plans don't, including turbochargers, actuators and VPODs.

GREAT PROTECTION, TO BE CONTINUED

Buyer's Assurance goes hand in hand with our longer term used truck warranties — Select Limited Warranty, Select Extra Limited Warranty, Select After-Treatment System Limited Warranty and Favor Limited Warranty. Ask us to help you choose the right plan to fit your business needs...all providing comprehensive coverage long after your first 60 days of ownership.

WE MAKE IT EASY

When you purchase an eligible vehicle, it will be registered in our nationwide service support system so you'll have immediate 60-Day Buyer's Assurance coverage. If a repair is needed, simply head to any of the hundreds of Freightliner service locations across North America. They'll confirm your coverage, repair covered items and get you back on the road — with no deductible charge. It's that easy. In the case of a truck-down situation, you can call our Customer Assistance Center (1-800-FTL-HELP) to locate the nearest dealer.
